Cross-Border Family Mediation

International Parental Child Abduction, Custody
and Access Cases

September 2011

About 200 pages, size 14,7 × 21cm, paperback

This unique reference book for international family mediation provides:

- an overview of the relevant legal framework
- insight into the specific characteristics of these cases
- a description of the methodology and tools employed
- information on how the mediation can be coordinated with court proceedings
- case studies and an example of a binational mediation project
- sample mediation agreements and court orders, information sheets for parents, lawyers and judges.

For professionals involved in cross-border family conflicts as well as experienced mediators.
